

PRODUCT WARRANTY INFORMATION

The materials and workmanship in Carver products are guaranteed to be free of defects at time of manufacture.

The length of the warranty is determined by the type of material ordered. Refer to the marine material chart below.

Warranty coverage commences on the original date of purchase. The warranty does not cover normal wear, weather soiling, stains from environmental pollution and/or standing water, cuts from sharp objects, neglect, accident or misuse. The boat cover, PWC cover or bimini top must be properly installed, utilized and maintained.

Carver Industries, Inc. and/or seller provide this warranty in lieu of all other warranties, expressed or implied. Carver Industries, Inc. and/or seller disclaim all liability for special, incidental or consequential damages.

Some states/provinces do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of special, incidental or consequential damages, so these limitations and exclusions may not apply to you. This warranty gives you specific legal rights. You may also have other rights which vary from state/province to state/province.

Accessories	1 Year Limited	12 Months Free Repair/Replacement

Damage caused by pooled water may not be covered under these warranties. Always tie your boat cover down securely using a system such as our [tie down kit](#) and avoid letting water or snow stand on the boat cover. Standing water and snow will degrade the cover's water repellency and potentially cause mildew or premature leakage. To prevent this from occurring, we highly recommend the use of [vented support poles](#), a [boat cover support system](#), [standard support poles](#) or bows to raise any center areas so that water, snow and ice run off the cover.
